

Cal is talking to too many people & getting too many versions of what each thinks is real - He is too young & underinformed to make a mature judgment of either the info he gets or its source - He must have been corresponding w/ Harry to get the diatribe against you & Leavelle - I don't know what you can say to him to settle him down & concentrate on what

is fact rather than theory or wishful thinking - I have not followed your correspondence w/ him so I don't know if he has gotten the feeling that you consider him too young to make critical judgments of what he reads, hears or otherwise attains from your letters. And I don't know why he contacted Harry & told him so much about his contacts w/ you - He seems to be unsure about how you regard him & also is unsure of your motives in trying to help him but doesn't seem to regard your letters as help
